Sada trebaš odabrati proizvode ili jednostavno upisati u Search ukoliko znaš što tražiš! Proizvodi su podijeljeni prema kategorijama, tako da slobodno istražuj! Istraživanje proizvoda je bila moja omiljena aktivnost kada sam bila na početku!

Zatim ćeš odabrati datum kada želiš da se tvoja narudžba procesuirala! Savjetujem da ostaviš današnji datum i ona će se danas u noći sama naručiti!

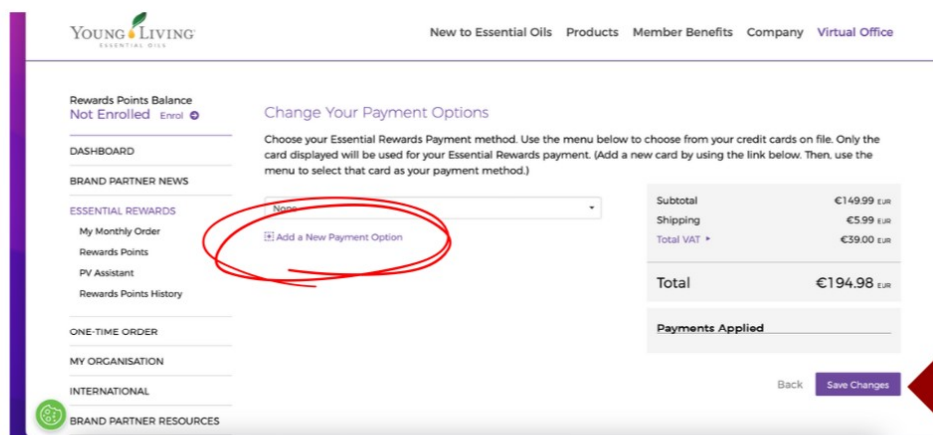

7.korak

Ovdje je potrebno odabrati metodu dostave! Autoship je klasična dostava, a Croatia Willcall je ako želiš narudžbu sama pokupiti u našem skladištu u Dugopolju.

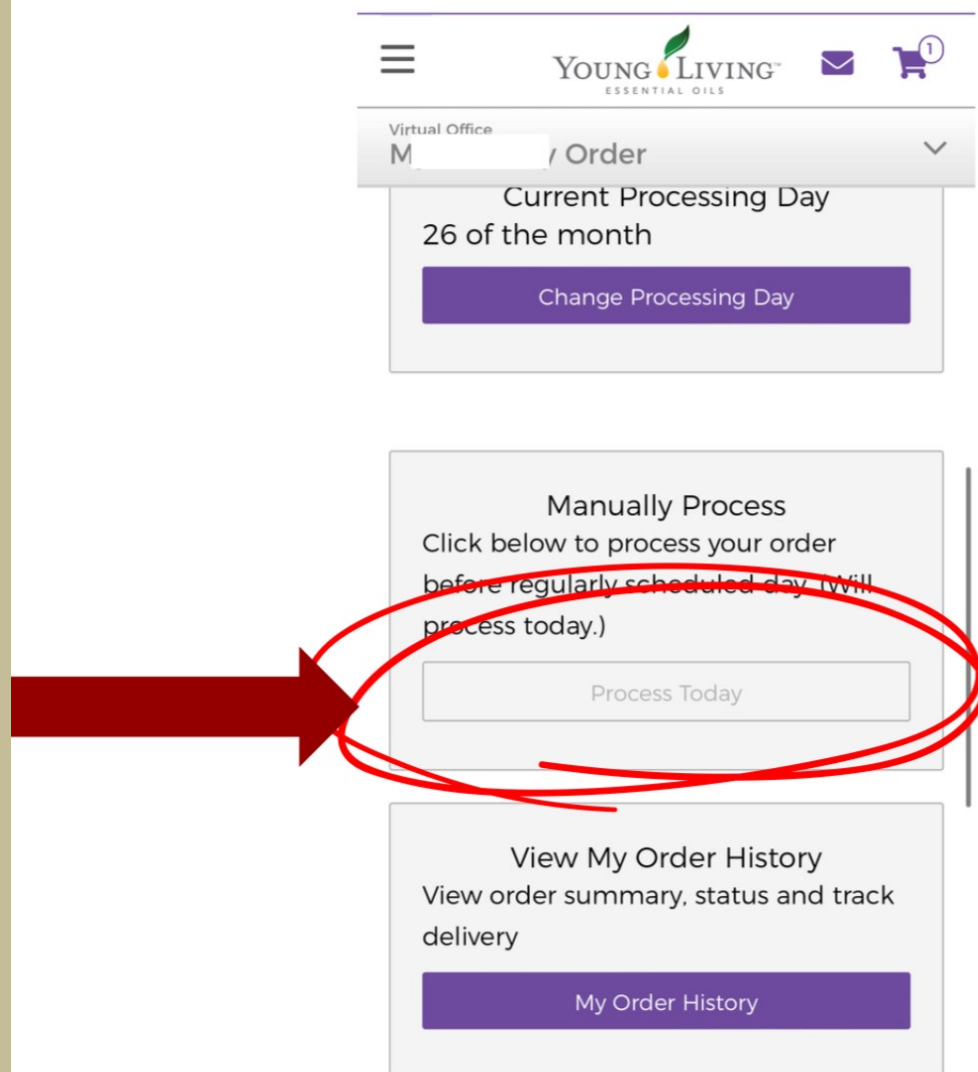

8.korak

I za kraj samo trebaš dodati svoju karticu i spremiti sve što si napravila! Kada unosiš podatke kartice, u prvom polju NAME ON CARD upisuješ ime na koje glasi kartica, a ne naziv kartične kuće.

Na samom kraju

Kada spremiš sve, klikni Back i pronajdi gumb PROCESS TODAY kako bi bila sigurna da će se tvoja narudžba procesuirati odmah. Čak i ako misliš da je jer je YL povukao novce - nije. To je bila preautorizacija iznosa, ali ne i naplata. Da bi se naručilo odmah, trebaš kliknuti process today i tada si sigurna da će se odmah i naručiti.
